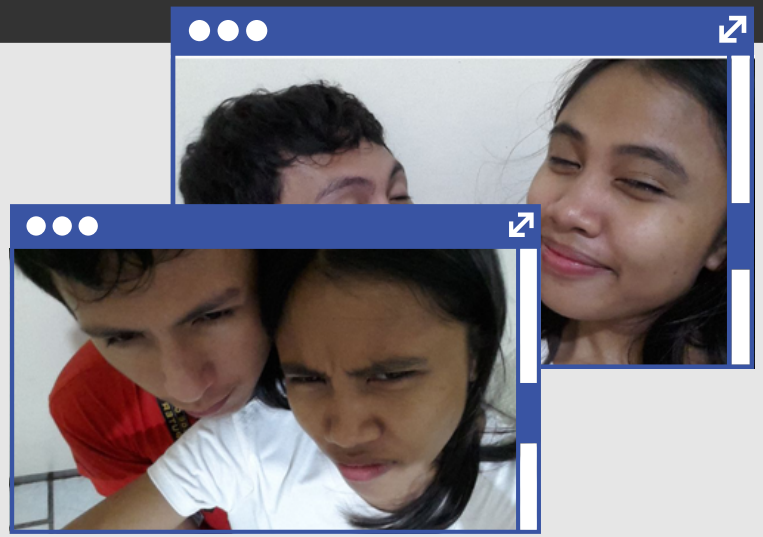
HAPPY

Birthday!

Happy birthday loveee!!
Do you still remember
the first time we met?
I never really expected
you to like me back, but
look at us and now
we've made it to two
wonderful years, and
I'm hoping for forever
with you.

AGAIN!

I just want you to know that I loved you then, I love you now, and I'll keep loving you no matter what happens. I hope you'll never stop loving me too, because I can't imagine my days without you. Here's to more years and a love that will never fade." 💖



I still remember that first time I chatted you, asking if you wanted to play with me and of course, I really planned that. I liked you so much back then, and I just wanted any reason to talk to you. I didn't know that small moment would lead to something so special.

Through the years, we've shared laughter, tears, little fights, and so many memories that I will always treasure. You've become my comfort, my peace, and my favorite person to come home to. I've seen how much we've both grown, and I'm so proud of how far we've come together.
